## Introduction to Drug Court

You have been arrested for a drug-related crime and, therefore, have been identified as a person who may have a drug problem. You are being offered an opportunity to participate in Charlotte County Drug Court. This program is designed to help you get off drugs and stay off drugs. If you have any specific questions, you should consult with counsel for details.

This handbook is designed to answer questions, address concerns, and provide over-all information about the Drug Court Program. As a participant, you will be required to follow the instructions given in Drug Court by the Judge and comply with the treatment plan developed for you by your team. If there is a conflict between what appears in this handbook and what is ordered in Court by the Judge, the oral pronouncement of the Judge takes precedence. This handbook will detail what is expected of you as a Drug Court participant and review general program information. All participants are encouraged to share this handbook with family and friends.

## Program Description

The Charlotte County Drug Court Program is a court supervised, comprehensive treatment program for non-violent defendants. This is a voluntary program, which includes regular court appearances before a designated Drug Court Judge; treatment, which includes drug testing; individual/group counseling; and regular attendance at Peer Recovery Support Groups such as Narcotics Anonymous, Alcoholics Anonymous, a 12-step program, or any non-religious, non- denominational recovery support group.

The Drug Court Program is a combined effort of the State Attorney's Office, the Public Defender's Office, the Courts, the Department of Corrections, and health care drug abuse services providers. The program length is determined by each participant's progress and specific treatment needs. However, in no case shall participation be less than 18 months.

Following arrest, if eligible, you will be offered a choice between Drug Court and prosecution on the pending charges. The Drug Court Clinical Screener will discuss the Drug Court Program with you and the Public Defender or your private counsel will advise you. Entry into the Drug Court Program is voluntary. While in Drug Court, you will be placed on drug offender probation, requiring compliance with specific terms and conditions, in addition to those associated with the Drug Court Program. On your initial court date, you will be assigned a probation officer who will provide supervision and enforcement of the terms and conditions. Probation supervision will include unannounced home visits during which your person and residence will be subject to search. Your defense counsel will continue to represent you throughout your participation in Drug Court.

If you have entered the program with private counsel and can no longer afford this expense, you may request court appointed counsel to represent you. Successful completion and "graduation" from the program may result in having the charges dismissed. Failure or discharge from the program will result in the suspended sentence being imposed.

Final determination of entry into the program shall only be made by the Judge with recommendations from the State Attorney, defense counsel, probation, and treatment provider.

## Charlotte Co. Drug Court Standards & Requirements

1. A person can be eligible for Drug Court if the total sentencing points are 60 points or less and he or she does not have a charge that makes them ineligible pursuant to Fla. Stat. 948.20 and Fla. Stat. 397.344. In addition, DUI charges are not accepted by this drug court.
2. The defendant will be evaluated to determine clinical eligibility. The SAO will then notify the court, the defendant, and defense counsel (if any), of legal eligibility for the program. The defendant will be required to sign a written contract, which explains all of the requirements of the program. The defendant will be required to enter a plea, a condition of which is completion of the drug court program. If the individual chooses to enter the drug court, they will appear before the Court and the Court shall impose sentence. If the defendant fails to complete the program, or comply with the requirements of the program, they will be brought back before the court. Failure to complete the program upon the first attempt may result in a violation of probation warrant being issued.

## Drug Court Supervision

As a Drug Court participant, you will be required to appear in Drug Court on regular scheduled dates. Missing a court date will result in a warrant being issued. At each appearance, the Judge will be given a progress report prepared by the treatment provider and/or the probation officer regarding your drug test results, attendance and participation. The Judge will ask you questions about your progress, and discuss any specific problems you have been experiencing.

If you are doing well, you will be encouraged to continue with the program and work with your treatment team (probation and court staff) toward success. If you are not doing well the Judge will discuss this with you and the treatment team to determine further action. If you commit program violations; i.e. positive or missed tests, failure to attend individual or group counseling or Peer Recovery Support Groups, failure to report to your probation officer, etc., the Court will impose sanctions (See "Sanctions"). With repeated violation of program requirements, and a failure to progress satisfactorily, the Court may impose the ultimate sanction of discharge from the program and imposition of sentence. If you entered the program by signing a Deferred Prosecution Agreement, your case will be returned to the assigned division.

Failure to appear In Court on the date and time you are scheduled will result in a warrant for your arrest and remand you to custody. If you cannot appear in Court as scheduled, you must notify your probation officer as soon as possible to explain why you cannot appear. If you have any questions regarding your court appearances, you are required to contact your probation officer at (941) 575-5740.

Warrants and/or new arrests could result in your being terminated from the Drug Court Program and the imposition of any suspended sentence. Other violations, which could result in termination, include missing drug tests, demonstrating a lack of program participation by failing to cooperate with treatment, and failure to follow instructions of the probation officer. Violence or threats of violence directed at the treatment team or other clients will result in program termination. All final decisions regarding termination from the program will be made by the Drug Court Judge.

## Drug Court Program Rules

As a Drug Court participant, you will be required to abide by the following rules:

1. Do not use or possess any illegal drugs and/or alcohol. Do not visit any place where the primary business is the sale of alcoholic beverages or any place where people are using illegal drugs and/or controlled substances. Any alcoholic consumption including but not limited to mouthwash, cold remedies, food preparations, "nonalcoholic beers", etc. will be considered a relapse and will be handled accordingly. Sobriety is the primary focus of this program and maintaining a drug-free lifestyle is very important in your recovery process.
2. Do not use, possess, or fill prescriptions for prescription medications and/or controlled substances. This includes prescriptions and controlled substances that you have lawful prescriptions for. Any substances including but not limited to controlled substances, prescription medicine, vitamin, herbal, energy, or diet supplements, inhalants, solvents, designer drugs, synthetic drugs, and over-the-counter medicines are to be approved by the Drug Court program staff members before you will be authorized to possess or take them. You will refrain from consumption of poppy seeds and you cannot possess or consume any substances not meant for human consumption. You will refrain from use or possession of any products containing ephedrine or pseudoephedrine.
3. Charlotte Behavioral Health Care must be provided a paper copy of every prescription written to you, if you plan to fill it or not. You must obtain permission from the Drug Court program manager prior to filling any prescription. In an emergency, if you are unsuccessful in reaching Drug Court program staff members and your probation officer and the prescription is not a controlled substance then follow doctor's orders and inform your treatment team and probation officer immediately. Any prescriptions that have been approved by the Drug Court treatment team for you to take must be ingested as prescribed, i.e. by mouth only.
4. Upon your admission to Drug Court you will be required to complete 90 Peer Recovery Support Groups in 90 days. You may attend more than one meeting in a day, but you must attend at least one meeting every day and submit proper documentation.

## Drug Court Program Rules

5. You will also be required to: (a) complete a minimum of 20 hours of community service each week at a DOC-approved organization and provide proper documentation to your probation officer, or (b) work a minimum of 20 hours per week, or (c) be enrolled and attending school full time as a condition of your probation.
6. Report to your Probation Officer as directed. You must be prepared to provide a urine test at each visit. If you have any problem making an appointment, you are to call your probation officer.
7. Attend all ordered treatment sessions. This includes individual and group counseling, educational sessions and Peer Recovery Support Groups. If you are unable to attend a scheduled session, you must contact your counselor.
8. Be on time. If you are late, you may not be allowed to attend your counseling session and will be considered an unexcused absence, which is a violation. Contact your assigned counselor if there is a possibility you may be late.
9. You are expected to adhere to CBHC Group Expectations during the course of your treatment. It is very important that your behavior and language remain appropriate and courteous at all times.
10. Do not make threats toward other participants or staff or behave in a violent manner. Violent or inappropriate behavior will not be tolerated and will be reported to the Court. This will result in termination from the Drug Court Program.
11. Dress appropriately for Court and treatment sessions. As a participant, you will be expected to wear a shirt or blouse, pants, dress, skirt, and shoes worn at all times. Clothing bearing drug or alcohol related themes; or promotion or advertising alcohol or drug use is considered inappropriate. Sunglasses are not to be worn inside court or treatment center unless medically approved. Speak with your treatment team if you need assistance with clothing. In consideration that your attendance may be directly after hours of employment, jeans, uniforms or other appropriate work related dress is allowed.
12. While in Court, remain seated and quiet at all times: It is very important to observe appropriate behavior in Court for the benefit of yourself and others present.

## Drug Court Program Rules

13. Sexual and/or romantic relationships between Drug Court participants are not permitted. Sexual and/or romantic relationships between Drug Court participants and Mental Health Court participants are not permitted. The destructive effects on newly clean and sober individuals and on the group process far outweigh the right of people to form new relationships during their year in treatment. Violation of this element of the contract may result in termination from the program.
14. It is important that members use the opportunity during treatment to focus on sobriety, healthy living, and to develop safe, healthy, and honest relationships with people in the Recovery community. Thus, socializing with Drug Court and Mental Health Court members outside of scheduled program activities may occur within the Recovery community, in the course of developing healthy, legal and safe substance free recreational activities. Members will be open and honest about activities outside of treatment, taking responsibility for their own compliance with probation and treatment expectations. All members have an ethical obligation to report honestly to treatment providers and probation their own or others' activities which may interfere with treatment including a substance free lifestyle.
15. All interactions between Drug Court members and Mental Health Court members are subject to the discretion of your treatment team and your probation officer.
16. You will answer all questions asked of you by treatment, probation, or the Court truthfully.
17. You will follow all lawful directives of your probation officer.
18. As a treatment based program the requirements of your treatment may change from time to time. This is done in order to maximize your recovery. As such, you must comply with all lawful treatment orders of your probation officer, the treatment team, and the Court.

## Abstinence & Recovery

Drug Court requires that individuals remain substance-free while participating in the program. Unapproved use of unapproved substances while in the program may result in dismissal from the program or a modification of your contract, or sometimes a sanction as determined by the Drug Court treatment team and the Judge.

To that end, Charlotte Behavioral Health Care commits to make every effort to prescribe substances that are not controlled for individuals recovering or in remission from a substance abuse problem or addiction. Possession of controlled substances or use of unapproved substances while in the program will require staffing with and approval from the Chief Medical Officer/Medical Director and the Drug Court Program Manager.

Drug Court participants receiving medication or treatment from other medical providers in the community, including but not limited to, Pain Management Specialist, Dentists, or their Primary Care Provider (PCP) will be required to sign releases of information, so that Charlotte Behavioral Health Care may be directly in contact with the provider. Charlotte Behavioral Health Care will contact the medical provider via phone or letter to inform the provider of the participant's addiction issues and discuss treatment alternatives.

Drug Court staff will provide education to participants about the risks inherent in use of controlled substances.

Drug Court participants' continued use of prescribed controlled substances that interferes with their ongoing recovery or poses a risk to the participant and/or community may result in a possible sanction at the discretion of the Drug Court Judge or dismissal from the program and subsequent legal action.

## Program Fees & Intake

As a participant on formal probation, you may be required to pay the cost of probation supervision. A probation officer will instruct you on your court ordered monetary obligations, a payment plan, and how to make payments. You will be required to make regular treatment payments to Charlotte Behavioral Health Care (CBHC) to the total of \$2,340 over the course of 18 months. Participation in excess of 18 months will be charged an additional \$30 per week until graduation.

Regular payments towards your treatment are expected. When applicable, CBHC also accepts private insurances, Medicaid, and Medicare. Co-payments are expected at the time of service. We accept cash, personal checks, money orders, and Visa or MasterCard.

Upon admission to CBHC, you will first meet with one of our intake personnel who will review intake paperwork and set you up in our system. You will be asked to provide necessary demographic and financial information at this time. Please be prepared to provide necessary paperwork. You will then meet with Drug Court staff and a comprehensive assessment will be conducted. During the assessment, you will be asked to provide information about your symptoms, substance use, treatment history, and other relevant topics. We ask that you be open and honest during this assessment process. After your assessment, you will be given an orientation and overview of the Drug Court program. Please anticipate this initial appointment to last at least 3 hours.

## Treatment Procedures

Your treatment will be provided through a team approach with the combined resources of the probation office and the assigned drug treatment staff. The treatment team will assess what level of treatment will best meet your needs and recommend to the Drug Court Judge that you receive outpatient or residential treatment. If you are admitted to a residential treatment program, your treatment plan will include the requirements of that program. If you are not admitted into a residential treatment program, a multi-component, outpatient program has been developed which includes: group therapy, individual therapy, family therapy, monitored drug testing, life skills, and service coordination.

## Treatment Plans

An “initial” treatment plan will be developed by you and your treatment team following an over-all assessment of your problems and needs. The plan will act as a guide for your initial treatment phase and within it, you will set goals, select methods for meeting those goals, and develop target dates for achieving those goals. The plan will be maintained by your treatment team and will be updated as you progress through the program.

During the course of your treatment, the treatment team may determine that your specific needs may be better suited for supervision in the Mental Health Court Program. If this situation arises, you may be transferred from the Drug Court Program to the Mental Health Court Program.

## Drug Testing

You will be drug tested through the entire treatment process. You will be tested a minimum of one time per week. The Drug Court Judge will have access to all drug test results including any failures to test, and may order a drug test at any time. Tampering with the drug/urine test will be deemed a positive test and may result in your expulsion from the program (this includes flushing, diluting, using someone else’s urine, using any devices, etc.). A positive or “dirty” test will not automatically disqualify you from the Drug Court Program. The Judge will be reviewing your overall performance in the program.

## Counseling

Substance abuse counseling comprises two separate formats: individual and group. As part of your treatment plan, you will be required to participate in both types of counseling. Together they are designed to develop self-awareness, realize self-worth, and develop the strength to practice self-discipline.

The individual and group counseling sessions will include problem identification and alternative solutions. Your attendance at counseling sessions is reported to the Judge as part of your progress report. You must have prior permission from your counselor to be excused from a counseling session (acceptable reason for absence - hospitalization; documentation from the hospital will be required).

## Peer Recovery Support Groups

Attendance will be required at Peer Recovery Support Groups such as but not limited to Narcotics Anonymous, Alcoholics Anonymous, Cocaine Anonymous, Celebrate Recovery, and/or any non-religious based alcohol/narcotics recovery support group.

The frequency of attendance requirement will be determined by your progress in the program and your phase level. Attendance is an important part of your recovery process to help you develop levels of trust, and to earn and create social bonds with other recovering addicts. Your treatment team will provide you with information regarding the time and location of Peer Recovery Support Groups and will direct you to special interest and recovery events in the community.

You must provide proof of attendance to the court probation officer at each court appearance. Your counselor may also require you to provide proof of attendance on a weekly basis.

## Treatment Phases

The Drug Court Treatment Program is a six-phase, highly structured, treatment program lasting for a minimum of eighteen (18) months, depending upon your individual progress. Each phase consists of specified treatment objectives, therapeutic and rehabilitative activities and specific requirements for advancement into the next phase.

The primary focus of the program is treatment. As such, you will be required to comply with all treatment recommendations of the Drug Court treatment counselor, probation officer, or the Court. This may include a change in treatment requirements including a requirement to successfully enroll in and complete a residential treatment program.

By agreeing to enter the Drug Court Program, you are agreeing to the alteration of your treatment requirements as needed, as a condition of your probation, and are waiving any jurisdictional objections to the Court imposing these altered treatment requirements. The components and requirements of advancement from each phase are described below.

### Orientation Phase

In the Orientation Phase, you will be assigned to a probation officer and a drug treatment counselor. They will comprise your treatment team and will provide you with an orientation/overview of the Drug Court Program. Your problems and needs will be assessed and a treatment plan will be developed. Orientation requirements include:

1. Orientation and Overview of Program
2. Assessment and Initial Treatment Plan Development
3. Drug Testing (four urinalysis tests per week minimum)

4. Regular attendance at Peer Recovery Support Groups (at least two per week)
5. If compliant with all requirements, you may apply for early termination after a period of six (6) months.

## Sanctions

If you fail to comply with the treatment program, the Drug Court Judge may, at his or her discretion, order one or more of the following, or any other sanction the Court deems appropriate:

1. Increased drug testing
2. Writing of an essay on a Drug Court related topic
3. Increased participation in outpatient and/or group counseling sessions
4. Increased court appearances
5. Increased Peer Recovery Support Groups
6. Return to an earlier phase of treatment
7. Community service hours
8. Incarceration in the Charlotte County Jail
9. Residential treatment
10. Extended term of program
11. Sentence of probation with added special conditions (18 month felony probation):
  - a. Probation Restitution Center
  - b. Non-secure treatment program
  - c. Secure treatment program participation
12. Commitment to community residential treatment for a specified period of time.

In entering the Drug Court Program you are specifically acknowledging and agreeing that, as a special condition of your probation, the Court may impose sanctions for your failure to comply with treatment and program requirements.

## Education, Vocation, & Employment Programs

Recovery from substance addiction means developing self-sufficiency and becoming a productive and responsible member of the community. During the treatment program, you will be expected to be employed, or involved in an educational, volunteer or vocational training program. Your counselor and your probation officer will work to assist you in obtaining an assessment of your needs and skills and may refer you to the proper agencies for education, training and job placement. After the initial orientation phase you will be required to maintain full-time employment (minimum 20 hours per week).

In the alternative, you may be enrolled as a full-time student (minimum 20 hours per week).

In the absence of full time employment or full time enrollment in school you will be required to actively engage in seeking employment. You will be required to conduct a minimum of 14 job searches/applications per week and show proof to your probation officer, your counselor, or the Court. In addition, if you are not employed full time or a full time student you will have to complete a minimum of 20 community service hours each week until you obtain full time employment or are enrolled full time in school.

## Graduation

Once you have successfully completed the criteria for each phase (as described in the treatment phases sections), you will advance to the next level and eventually be a candidate to graduate from the Drug Court Program.

It will be necessary to discuss your progress toward the goals you initially set and why you believe you have met the graduation criteria. Advancement for each phase and graduation from the program shall be determined by the Drug Court Judge and Drug Court Team. Your family will be invited to join you in Court as the Judge congratulates you on successfully completing the Drug Court Program and achieving your goal to establish a drug-free life.

## Confidentiality

Your identity and privacy will be protected consistent with Florida law, and procedures have been developed by CBHC to safeguard these rights. Please be aware that your participation in group treatment processes means that you will also be responsible for ensuring the privacy of information about others in your group.

You will be asked to sign a release authorizing the transfer of information among all participating Drug Court agencies. In some instances, your employment may be terminated if contacted by the probation officer. If you think this may happen, talk to your probation officer and the Drug Court Judge.

By entering the Drug Court Program, you are acknowledging and agreeing to waive any confidentiality rights you may have as it relates to substance abuse treatment and/or mental health treatment, to the extent that anything you disclose during your Drug Court Treatment may be disclosed to the Drug Court Team at staffing.

## Polygraph Examination

As truth and honesty are a critical component of the recovery process, you may be required to undergo a polygraph examination at your own expense, either at the request of the Treatment team, the Court, or your probation officer. If such polygraph examination is required, the Court shall have the sole authority to order that you undergo such testing.

By entering the Drug Court Program, you are acknowledging that as a special condition of your probation, you may be required to undergo polygraph examinations and you further acknowledge that you are waiving any objection to the admissibility of the polygraph results.

Additionally you are specifically waiving any objection to the expertise of the polygraph operator to testify to the results or reliability of the polygraph machine, and or results. Prior to graduating Drug Court, you will be required to undergo a polygraph examination at your own expense.

## Conclusion

The Drug Court Program has been developed to help you achieve total abstinence from illicit and illegal drugs and all criminal activity. The program is designed to promote self-sufficiency and to return you to the community as a productive and responsible member. The program is voluntary and is your personal choice. The Judge, the court staff and the treatment team are present to guide and assist you, but the final responsibility is yours. You must be motivated to make this change and commit to a drug-free life.

We hope this Handbook has been helpful to you and answered most of your questions. If you have any additional questions or concerns about the Drug Court Program, please feel free to ask your treatment team. Important Drug Court telephone numbers have been listed on the next page of this Handbook for easy access.
